WHO WE ARE

BACKGROUND

TALK Hong Kong began in 2019 as a peer support group, built on the belief that no one should face the trauma of Child Sexual Abuse (CSA) alone. In 2023, we became an official charity, dedicated to creating a safer future for children.

Through research, public awareness, and prevention training, we strive to shed light on the devastating impact of CSA and empower communities to prevent it.

MISSION

We believe that protecting children from sexual abuse is a responsibility that rests with adults. By providing education and training, we aim to empower adults with the knowledge and confidence they need to take action and create a safer world for children.

VISION

Prevent child sexual abuse.

WHAT WE DO

PREVENTION TRAINING

We empower adults with the knowledge to prevent, recognise, and respond responsibly to child sexual abuse. Children should never bear the burden of recognising or preventing abuse — it is the responsibility of adults to protect them.

RESEARCH

How common is child sexual abuse? Who are the victims? Who are the perpetrators? Our research provides crucial insights to help individuals and communities make evidence-based decisions that safeguard as many children as possible from sexual abuse.

SURVIVOR SUPPORT

We provide free peer-led support groups for adult survivors. Coming together to support each other through healthy healing, we aim to improve lives of survivors and reduce generational harm.

WHY THIS MATTERS

Each year, ~10,000 kids fall victim to child sexual abuse in Hong Kong, and as a result they can face devastating mental and physical effects that can last a lifetime.

Despite the alarming scale of the issue, there is a severe shortage of resources to address it effectively.

Join us in the fight to protect children—act now by donating, volunteering, or spreading awareness.
